Read the following passage and answer the questions in complete sentences:

The internet is a super cool thing! It helps us connect with people and information all around the world. Think of the internet like a giant, invisible road. This road carries messages and pictures super-fast. When you look at a website or send a message, it travels on this invisible road. Before the internet, it was hard to talk to someone far away quickly. Now, we can video call friends or family who live in another country! We can also learn new things by reading websites and watching videos. This access to global knowledge is essential for modern education and for training the workforce of the future. Saudi Vision 2030 wants to make these connections even better by improving technology and communication. This plan helps bring faster and stronger internet to more places in the country. The investment in fiber optics and 5G networks is critical for starting new industries, powering smart cities, and supporting innovation across the economy. Strong technology lets everyone use the internet for services, learning, and world business. Your phone, tablet, and computer all need an internet connection to work online. A good connection means things load fast. The internet makes the world feel smaller and helps us share and learn so much!

1. What helps us connect with people all around the world?

.....

2. How fast does the "invisible road" carry messages and pictures?

.....

2. According to the text, answer with True or False

- 1. The internet is like a giant, visible road. (True / False)
- 2. Before the internet, it was easy to talk to someone far away quickly. (True / False)
